Notes to Accounts: Part B

A) Background

Terre Des Hommes Germany works for the welfare of children and women with focus on children suffering from poverty, destitution, ill health, malnutrition and are deprived of education and opportunities in 34 countries.

It has been in operation in India since 1976. The Reserve bank of India has regularized the existing branch Office in Pune under UIN MUB017003611. It has obtained certificate of registration & establishment of place of business in India under Foreign Company Registration Number F06298 from the Registrar of Companies.

B) Significant Accounting Policies:

1. Basis of preparation of financial statements

- a) The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India and comply in all material respects with the Accounting Standards specified under Section 133 of the Companies Act 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provision of the Companies Act, 2013.
- b) The financial statements have been prepared under the historical cost convention on accrual basis.
- c) The accounting policies applied by the Company are consistent with those used in the previous year.

2. Use of Estimates:

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, current assets, non-current assets, current liabilities, non-current liabilities and disclosure of the contingent liabilities at the end of each reporting period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amount of assets or liabilities in future periods.

3. Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash which are subject to an insignificant risk of changes in value.

4. Depreciation

Depreciation on fixed assets has been provided in a manner that amortizes the cost of the assets over their estimated useful lives on written down value method as per the useful life prescribed under Schedule-II to the Companies Act, 2013.

5. **Revenue Recognition:** Revenue is recognized to the extent it is probable that the economic benefits will flow to the company and the revenue can be reliably measured:

- a) Grants received from head office (Terre Des Hommes Germany) are treated as income to the extent utilized for recoupment of expenses incurred. Balance in head office account is treated as "General Fund" and is disclosed under Reserves and Surplus in the Balance Sheet.

6. **Fixed Assets and Depreciation:**

- a) Fixed Assets are stated at cost less accumulated depreciation and impairment (if any). Cost comprises of cost of acquisition/conversion and any attributable cost of bringing the asset to its working condition for its intended use.
- b) Depreciation is provided on the written down value method. Pursuant to Companies Act, 2013 ('the Act'), the company has aligned the depreciation rates based on the useful lives as specified in Part 'C' of Schedule II to the Act.

Fixed Assets	Useful Life
Computers	3
Furniture and Fixtures	10
Plant and Equipments	15
Vehicles-4 Wheeler	8

Depreciation on assets added/disposed off during the year has been provided on pro-rata basis with reference to the date of addition / disposal.

7. **Impairment policy:** The company assesses at each balance sheet date whether there is any indication that an asset may have impaired. If any such indication exists, the company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's net selling price or its value in use. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount.

8. **Foreign Currency Transactions:** Transactions denominated in foreign currency are recorded at the exchange rates prevailing on the date of the transaction. At the year end, monetary items denominated in foreign currencies other than those covered by forward contracts are converted into rupee equivalents at the year-end exchange rates. In respect of transactions covered by forward exchange contracts, the difference between the forward rate and the exchange rate at the date of the transaction is recognized as income or expense over the life of the contract.

9. **Current / Non-current classification of assets / liabilities:** The Company has classified all its assets / liabilities into current / non-current portion based on the time frame of 12 months

from the date of financial statements. Accordingly, assets / liabilities expected to be realized / settled within 12 months from the date of financial statements are classified as current and other assets / liabilities are classified as non-current.

10. Employee Benefits:

Defined Contribution Plan: The contribution paid/payable under the defined contribution plans comprising of provident fund scheme and employees state insurance scheme is recognized during the period in which the employee renders the related service.

Defined Benefit Plan: Short term compensated absence benefits are accounted for by converting the balance leave to the credit of each employee as at the end of the year on the basis of the salary last drawn. Such liability is not funded. As regards defined benefits payable under the Payment of Gratuity Act, 1972, which are funded, the Company contributes to LIC Group Gratuity Scheme on the basis of actuarial valuation and has formed an approved gratuity fund for ensuring gratuity to its retiring employees.

11. Current Assets: Other current assets viz. Book debts, loans, advances and deposits are stated after making adequate provision for balances considered doubtful. Balances considered irrecoverable are written off.

12. Provisions & Contingencies: A provision is recognized when the company has a present obligation as a result of past events and it is probable that an outflow of resources is expected to settle the obligation, in respect of which a reliable estimate can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current management estimates. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

13. Income Tax:

Income for the current period is determined on the basis of taxable income after considering the various exemptions / deductions available under The Income Tax Act, 1961.

14. General Funds:

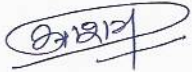

The company receives general funds which are unrestricted from the head office. The excess of receipts over expenditure during the year, being general purpose in nature is carried forward for use in the future periods.

C) Other Notes:

- (i) In the opinion of the Board of Directors, the Current Assets, Loans and Advances except those shown as doubtful are approximately of the value stated, if realized in the ordinary course of business. The provision for all known liabilities except otherwise stated, is adequate and not in excess of the amounts reasonably necessary.
- (ii) Figures for the previous year have been re-grouped / reclassified wherever necessary to confirm with the current year's presentation.
